Impact on personal development (SMSC)	Through the studies of ethics, students are able to learn about respecting the faiths, feelings and values of other countries and cultures. Students will be able to share opinions and reflect on sensitive and contentious issues such as child labour, global climate change and exploitation of developing countries. Students will be encouraged to make difficult moral decisions based on a range of ethical themes.					
Preparation for the next stage of education	In year 13, we develop A Level assessment questions, concepts, key vocabulary and command words. This is where we introduce the BLTHC approach to exam questions that develops context, balance, analysis and evaluation. We also develop resilience, independence, confidence and oral literacy by creating activities that incorporate DIRT responses. This helps students to choose on the path towards University, Apprenticeships or the World of Work.
