

We Belong Here

It has been a pleasure to see students settling into the school term. Please congratulate your children on their conduct and presentation. Where we have concerns, contact will be made to see how we can support.

As our new building continues to take shape, I wanted to share the artists impression of the final product. We are all very excited.

School Log Book

25th September 1959

'Visit today from the school dentist. 45 Children were seen with treatment for 5 girls and 7 boys. General health was observed to be good, and letters were sent home with the children. Two members of staff were absent due to coughs and cold, both reporting high temperatures.'

Alumni

The 6th form team have been collating information about previous students, their achievements and destinations. We are sharing these with our current students so that their stories can inspire them to Think Big, Work Hard and Be Kind. If you have any stories to share regarding the successes of the Pershore High School Alumni, please send them into hub@pershore.worcs.sch.uk

Road Safety - Be Safe

We have been contacted by a member of the public regarding traffic and congestion on Westcott Way. Where possible, please use the North carpark or our turning circle for pick up and drop offs. We will remind students about road safety via our student bulletin next week.

Ski Trip 2027

We have had a space become available on the Ski Trip next year. Mr Carey will be leading the trip to Salzburg Sportwelt, Austria from 27th March to 3rd April 2027. The ski trip is always a great success and a brilliant opportunity for students to learn a new skill. If your child is interested, please request further information from the Student Hub hub@pershore.worcs.sch.uk.

Online Safety

Childline Data: The Five Apps Most Linked to Online Sexual Abuse - NSPCC

The NSPCC has published figures showing which platforms children name when they talk to Childline about online sexual abuse. Between April 2025 and March 2026, Snapchat came top with 324 mentions, up 19% on the year before. It was followed by TikTok (234), Instagram (197), Discord (92) and WhatsApp (39). Between them, these five platforms came up in nearly 900 counselling sessions.

None of these names will surprise you, but the figures are useful to have when you are talking to staff, parents or pupils about online safety. The NSPCC is also calling for nudity-blocking technology to be built into children's devices as standard.

More information:

<https://www.nspcc.org.uk/about-us/news-opinion/2026/new-childline-data-reveals-top-five-platforms-apps-linked-to-online-child-sexual-abuse/>

Have a great weekend.
